

# Winter 2018

Discover wonder.

10-week Winter Session begins January 6.  
\$270 first child; \$150 siblings 9 mos & older

Infants 8 months & younger (at the start of the session) are free when attending with a registered sibling.

Music Together offers nine song collections and three summer collections, which are rotated over a 3-year period.  
The Winter 2018 collection is Bells.

## Music Together® Programs

Music Together® is a beloved and internationally recognized early childhood music & movement program for newborns through age 5, and the grownups who love them®. Each 45 minute class offers a balance of songs, instrument play, movement, chants, and rhythms in a joyous, playful, and developmentally appropriate environment. The fun variety of adult-child activities offers new ways for children, parents, grandparents and nannies to play musically at home.

### Mixed-age Classes

The cornerstone of the Music Together programs, this popular class fosters a natural, family-style learning environment for children to grow and develop at their own pace, and the opportunity to connect socially and musically with other children of varying ages.

### Babies Classes

Music Together offers options for babies! Along with mixed-age classes “Babies Class” is a cozy one-semester experience for the eenie-beenies. Music activities and materials are specially designed for parents who want to learn as much as possible about music development in infants.

### Supportive Family Classes

For families who feel more comfortable in a smaller, more relaxed Music Together class setting. Perfect for children with special needs as well as typically developing children. This class is led by a certified music therapist.

### Generations

This unique and powerfully heartwarming multigenerational Music Together program invites young children and their grownups to make music with and among “Grandfriends,” senior residents at assisted living centers.

### Sing Shalom

A pilot program being developed in collaboration between The Jewish Education Project and local Music Together centers in NYC and Long Island. The mixed age classes are enriched with songs from throughout the Jewish world.

### Rhythm Kids

Designed by Music Together for 4-5 year olds, children will sing, dance, move, drum, and play to songs and beats from around the world while they integrate and assimilate rhythm in new ways.

### Also New This Year...

NJA Music Lesson Try-Its: 4-pack of music lessons offered at Not Just Art or in your home, to see if you or your child are ready for music lessons. Piano, Guitar, Viola, Violin & Cello.
